Dear Sir/Madam,

Countywide 20mph Speed Limits – Phase 5 Wadebridge & Padstow CNA

Thank you for responding to our consultation on the above proposals. I am writing to let you know the outcome.

A high proportion of the responses received were in support of the proposals to reduce the speed limit within residential areas, with many requests for extensions. Some objections were received from respondents who were concerned about extended journey times, driver frustration, lack of enforcement and the belief that any benefits to safety and air quality remained unproven.

Several respondents suggested that funds would be better spent maintaining the network, particularly by repairing potholes. However, money allocated for local safety schemes is restricted to projects that specifically improve road safety. It cannot be used for general maintenance such as potholes as these are funded from a separate budget.

A number of requests were made for a 20mph speed limit on Worthy Hill and on the road through Trebetherick from Trewint Lane to Polzeath. However, this is a relatively busy route with no streetlights where compliance with a reduced speed limit is likely to be low without traffic calming features, which cannot be delivered as part of this scheme.

A number of requests were also made for West Hill, Bodieve Road and Egloshayle Road in Wadebridge to be included in the 20mph limit. These roads are busy commuter routes and are relatively open in nature. As a result, compliance with a reduced speed limit is likely be low and could divert attention from roads where pedestrian and cycle activity is higher and lower speeds are more critical.

Cormac's Framework 2023 - 2032 supported by
MOTT MACDONALD & wsp

After consideration of the responses received, it has been decided that the proposals in the following locations will be implemented as advertised:

SN101 Constantine Bay
SN102 St Merryn
SN103 Trevone
SN104 Padstow & Treator
SN105 Rock
SN106 Splatt & Penmayne
SN107 Pityme & Tredrizzick
SN108 St Minver
SN109 Trebetherick
SN110 Polzeath
SN111 Trelights
SN113 St Kew Highway
SN114 St Tudy
SN115 St Mabyn
SN116 Burlawn
SN117 Wadebridge
SN118 Whitecross
SN119 St Issey
SN120 Rumford
SN121 Penrose
SN122 Longstone
SN123 Porthcothan

Following comments received during the consultation it was decided to extend the 20mph limit in Port Isaac to include Port Gaverne, and to extend the 30mph limit to cover Trewetha. Please see plan **SN112 Port Isaac S01 for details.**

Our works programme indicates that construction will start on site in September 2026. Please note that any new speed restrictions will not come into effect until all the necessary works have been carried out on site.

Further information regarding speed limits within Cornwall can be viewed at https://streets.appyway.com/cornwall

Yours faithfully,

Thomas Tracey
