PADSTOW TOWN COUNCIL: PLANNING AND HIGHWAYS COMMITTEE: TUESDAY 9 JUNE 2026

AGENDA ITEM 7: Street Lighting – Little Hill

A review of the Council's CCTV provision was recently undertaken by the Community and Facilities (CAF) Committee. The review included a community consultation which also provided opportunity for open feedback and via this, the following comment was received:

- *More street lighting around the little hill area would make me feel safer.*

At its meeting in March the CAF Committee resolved to refer this comment to the Planning and Highways Committee.

Consideration: Committee is now asked to give consideration to this comment. Noting that Little Hill falls under the remit of Cornwall Council, does Committee wish to take any action such as refer the comment to Cornwall Council, OR, given that this relates to one respondent only does it wish to note the feedback at this time.
