## PADSTOW CEMETERY
### CATEGORY 2 MEMORIALS: INSPECTION DATE MAY-JUNE 2025

The following memorials passed a Memorial Safety inspection but were found to be a Category 2 risk. This means **the memorial is not an immediate danger to the public but it is not fully stable** and will, therefore, need to be reinspected annually to assess any further deterioration of the memorial.

If you are the owner of one of the affected memorials, **you may wish to take action now to prevent further deterioration of your memorial.** For your own safety as well as that of others, please do not attempt to repair a memorial yourself.

All works to memorials in Padstow Cemetery, including repairs and removals, must be undertaken by a BRAMM or NAMM qualified stonemason who must have public liability insurance. **A Memorial Application Form will need to be submitted for approval before any works commence.** A copy of the relevant application from can be downloaded here.

For more information about the inspection process, please visit www.padstow-tc.gov.uk/cemetery/
